

BIBLE HEROES ENDLESS COLORING BOOK

Things you need to know

- See Coloring Book Diagram (Next page)
- The Clear Screen Button will clear all coloring off the current page. (But not the black coloring page lines)
- Clicking the Previous/Next Buttons or First/Last Buttons will clear all coloring off of the current page, and navigate to a new coloring page.
- Click on a Drawing Tool to select it.
- Click on a Color to select it.
- The Currently Selected Color indicator will show the color you have picked.
- Every time you change to a new drawing tool you must select a color from the Color Selectors before you can draw.
- The Drawing Tools function like this:
 - The Crayon is solid color and has a medium-wide line (easiest to use)
 - The Pencil is solid color and is a thin line
 - The Big Marker is slightly transparent and has a wide line
 - The Small Marker is slightly transparent and has a thin line
 - The Eraser removes all color and is a wide area
- There is a blank coloring/drawing page included at the end of the coloring pages.
- Click the Quit Button to exit the program. (Coloring is not saved).
- Encourage your child to experiment with the different tools and colors to learn the easiest way for them to draw. It does take a little getting used to. Results may vary depending on the degree of accuracy of your mouse or pointing device.
- There is a PDF file of all coloring pages included, so that you may print them out, in case your kids want to color them the old-fashioned way. (Requires a Free copy of Adobe Acrobat Reader).
